

Slow Loris rescued

Source: The Sangai Express

Imphal, **April 08 2014**: One female Slow Loris locally known as Yong Ekaithibi which strayed into URF's temporary designated camp at Loitang Khunou Spinning Mill was rescued and handed over to Manipur Zoological Garden today. It is suspected that the Slow Loris strayed into the designated camp as the nearby hill areas were burnt extensively. The wild animal was handed over to Manipur Zoological Garden Director Arun RS this afternoon. Incidentally, Slow Loris is listed in Schedule I of the Wildlife Protection Act.
